PRIVACY is the compliance surface for data collection, processing, retention, and user rights across all CANONIC products and services. One policy, all domains.

1. Constraints

- MUST: Publish privacy policy at canonic.org/privacy
- MUST: Enumerate every data type collected, its purpose
- MUST: Enumerate every third-party processor (analytics, etc.)
- MUST: Declare legal basis for processing (consent, etc.)
- MUST: Provide contact method for data subject requests
- MUST: Specify jurisdiction (Florida, USA) and governing law
- MUST: Cover all product domains (canonic.org, hadleylab.org, etc.)
- MUST: Update policy when new data collection or processing is added
- MUST: Version the policy with effective date
- MUST NOT: Collect data without declared purpose
- MUST NOT: Share personal data with third parties beyond what is necessary
- MUST NOT: Retain data beyond declared retention period
- MUST NOT: Require account creation for public content

2. Scope

Domain	Data Collected	Processor
canonic.org	Analytics (GA4, LinkedIn Pixel, Meta Pixel, Twitter Pixel, Reddit Pixel)	Google, LinkedIn, Meta, X, Reddit
hadleylab.org	Analytics (same), TALK chat sessions, calendar display	Google, LinkedIn, Meta, X, Reddit, Cloudflare
mammochat.com	Analytics, clinical chat sessions, mCODE staging data	Google, Cloudflare, OpenAI (LLM provider)
caribchat.ai	Analytics, chat sessions	Google, Cloudflare, OpenAI
gorunner.pro	Analytics, user accounts, payment data	Google, Cloudflare, Stripe

3. Surface

Published at: canonic.org/privacy/ Linked
from: all product footers, app stores, LinkedIn
developer app, OAuth consent screens
