

DOCTRINE CANON

2026-03-18

Dexter Hadley, MD/PhD

Hadley Lab CANONIC

Abstract

DOCTRINE is fixed, DRY, mathematical, and enforced by structure the spine every other scope inherits from.

hadleylab.org Governed Research. Every claim cited.

Contents

- **DOCTRINE_IS_FIXED** edits are versioned, never overwritten; the spine (ordered chapters) is encoded once in DOCTRINE.md.
- **DOCTRINE_IS_DRY** no narrative arc, no fluff, and no duplication of tier algebra already defined by MAGIC.
- **DOCTRINE_IS_STRUCTURAL** enforcement is structural (inheritance chains, kernel boundaries), not stylistic. ## Constraints

MUST: Inherit from SHOP

MUST: Keep doctrine dry no narrative arc, no fluff

MUST: Keep doctrine fixed edits are versioned, ne

MUST: Encode the spine (ordered chapters) in DOCTR

MUST: Keep kernel details out of public APIs (magi

MUST: Maintain inheritance chain for all doctrine

MUST NOT: Duplicate tier algebra already defined by MA
