

ONBOARDING CANON

2026-03-18

Dexter Hadley, MD/PhD

Hadley Lab CANONIC

Abstract

ONBOARDING is the contributor entry point one runbook, ten minutes, your first governed scope.

hadleylab.org Governed Research. Every claim cited.

Contents

- **ONBOARDING_IS_GRADED** new scopes are scaffolded by `magic heal` and validated by `magic validate`; 255 or reject.
- **ONE_RUNBOOK** a single step-by-step runbook in `ONBOARDING.md` is the only supported path; hand-created TRIAD files are not allowed.
- **FIRST_SCOPE_IN_TEN_MINUTES** the runbook is time-boxed so a new contributor reaches a validated first scope inside ten minutes. **## Constraints**

MUST: Use `magic heal` to scaffold never hand-creat

MUST: Validate every new scope with `magic validate`

MUST: Follow the runbook in `ONBOARDING.md` step-by-

MUST NOT: Skip validation (255 or reject)

MUST NOT: Hardcode paths use discovery commands
