

PRIVACY CANON

2026-03-18

Dexter Hadley, MD/PhD

Hadley Lab CANONIC

Abstract

PRIVACY is the compliance surface for data one policy, all domains, every user knows what, why, and how long.

hadleylab.org Governed Research. Every claim cited.

Contents

- **COLLECTION_IS_GOVERNED** every product collects data, and every collection is governed: declared data types, purposes, retention periods, and third-party processors.
- **USER_IS_INFORMED** every user knows what is collected, why, and how long; legal basis and subject-request contact are published on the canonical URL.
- **ONE_POLICY_ALL_DOMAINS** PRIVACY declares the single policy that spans every CANONIC product and service; no per-product carve-outs. ## Constraints

MUST: Publish privacy policy at canonic.org/privacy

MUST: Enumerate every data type collected, its purpose

MUST: Enumerate every third-party processor (analytic, marketing, etc.)

MUST: Declare legal basis for processing (consent, legitimate interest, etc.)

MUST: Provide contact method for data subject requests

MUST: Specify jurisdiction (Florida, USA) and governing law

MUST: Cover all product domains (canonic.org, hadleylab.org, etc.)

MUST: Update policy when new data collection or processing is added

MUST: Version the policy with effective date

MUST NOT: Collect data without declared purpose

MUST NOT: Share personal data with third parties beyond what is necessary

MUST NOT: Retain data beyond declared retention period

MUST NOT: Require account creation for public content
