

PLAYBOOKS CANON

2026-03-18

Dexter Hadley, MD/PhD

Hadley Lab CANONIC

Abstract

PLAYBOOKS governs operational procedures every playbook validated, every procedure versioned, no hardcoded environments.

hadleylab.org Governed Research. Every claim cited.

Contents

- **PLAYBOOK_VALIDATED_BEFORE_RUN**
every playbook is validated before deployment;
unvalidated playbooks do not execute.
- **PROCEDURE_VERSIONED** every operational procedure is versioned; silent changes are not allowed.
- **NO_ENVIRONMENT_HARDCODING**
environment-specific details are never hard-coded; parameters resolve through governed config. ## Constraints

MUST: Validate every playbook before deployment

MUST: Version every operational procedure

MUST NOT: Execute unvalidated playbooks

MUST NOT: Hardcode environment-specific details
